国际原子能机构（原子能机构）秘书处向原子能机构各成员国致意，并荣幸地提请注意将于 **2025 年 9 月 15 日至 19 日** 在奥地利塞伯斯多夫核安保培训和示范中心举行的制定探测和响应设备寿期管理计划国际培训班（以下称“活动”）。

这次活动的目的是对参加者进行培训，使其了解如何应用可持续和系统性方案，为脱离监管控制的核材料和其他放射性物质探测设备提供技术支持和设备寿期管理，这是国家核安保制度的关键要素。

随附“资料单”提供这次活动的进一步详情。

这次活动将使用英文。

请各成员国指派一名或几名参加者参加这次活动。大力鼓励各成员国确定女性参加者。

原子能机构一般不承担参加者参加活动的差旅费和其他费用。但原子能机构可支配有限资金，用于帮助支付某些参加者的参加费用。根据具体申请通常可向每个国家的一名参加者提供此种援助，条件是原子能机构认为该参加者将为这次活动做出重要贡献。如随附“资料单”所示，应不迟于 **2025 年 7 月 21 日** 通过 InTouch+平台提交财政支助的申请。

应注意，原子能机构对个人财产遭受的任何损坏或损失概不赔偿。原子能机构也不向原子能机构活动的参加者提供健康保险。因此，个人应做私人保险安排。但是，原子能机构将就明显因为原子能机构工作而引起的事故和疾病提供保险。

如随附“资料单”所示，应不迟于 **2025 年 7 月 21 日** 通过国家主管当局（外交部、常驻原子能机构代表团或国家原子能机构）在 InTouch+平台（<https://intouchplus.iaea.org>）上将指派名单提交原子能机构。

一俟收到正式指派名单，这次活动的科学秘书将酌情就进一步的安排（包括差旅详情）与参加者直接联系。

国际原子能机构秘书处借此机会再次向原子能机构各成员国致以最崇高的敬意。

2025 年 6 月 24 日

International Training Course on the Development of Detection and Response Equipment Life Cycle Management Programmes

**Nuclear Security Training and Demonstration Centre (NSTDC) in
Seibersdorf, Austria**

15 - 19 September 2025

Ref. No.: EVT2405572

Information Sheet

Introduction

The IAEA developed a concept for the establishment of a national nuclear security support centre (NSSC) as a means to strengthen the sustainability of nuclear security in a State. The role of an NSSC is to support competent authorities, authorized persons and other organizations with nuclear security responsibilities in sustaining the national nuclear security regime at both the national and operational levels. This is achieved through programmes in human resource development, technical support and scientific support. NSSC technical support programmes are focused on detection and response equipment life cycle management with guidance documented in IAEA-TDL-010, "Establishing and Operating a National Nuclear Security Support Centre."

The course utilizes the systematic approach as outlined in IAEA-TDL-010. The course also demonstrates good practices in management and maintenance of detection equipment taken from the experience of the IAEA and of States in the following three areas: (1) detection equipment familiarization, (2) detection equipment life cycle management and (3) detection equipment technical support plan development. The course is built on hypothetical, but realistic scenarios and contains mainly hands-on and interactive elements, including demonstrations, videos with table top exercises, and live play exercises.

Objectives

The objective of the event is to train participants on application of a sustainable and systematic approach to technical support and equipment life cycle management.

Target Audience

The event is open for participants from Member States with responsibilities for radiation detection equipment management and sustainability.

Working Language(s)

English

Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State or invited organization, participants are requested to submit their application via the InTouch+ platform (<https://intouchplus.iaea.org>) to the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) or organization for onward transmission to the IAEA by **21 July 2025**, following the registration procedure in InTouch+:

1. Access the InTouch+ platform (<https://intouchplus.iaea.org>):
 - Persons with an existing NUCLEUS account can sign in to the platform with their username and password;
 - Persons without an existing NUCLEUS account can register [here](#).
2. Once signed in, prospective participants can use the InTouch+ platform to:
 - Complete or update their personal details under ‘Complete Profile’ and upload the relevant supporting documents;
 - Search for the relevant event under the ‘My Eligible Events’ tab;
 - Select the Member State or invited organization they want to represent from the drop-down menu entitled ‘Designating Authority’ (if an invited organization is not listed, please contact InTouchPlus.Contact-Point@iaea.org);
 - If applicable, indicate whether a paper is being submitted and complete the relevant information;
 - If applicable, indicate whether financial support is requested and complete the relevant information (this is not applicable to participants from invited organizations);
 - Based on the data input, the InTouch+ platform will automatically generate the Participation Form (Form A) and/or the Grant Application Form (Form C);
 - Submit their application.

Once submitted through the InTouch+ platform, the application, together with the auto-generated form(s), will be transmitted automatically to the required authority for approval. If approved, the application, together with the applicable form(s), will automatically be sent to the IAEA through the online platform.

NOTE: The application for financial support should be made, together with the submission of the application, by **21 July 2025**.

For additional information on how to apply for an event, please refer to the [InTouch+ Help](#) page. Any other issues or queries related to InTouch+ can be sent to InTouchPlus.Contact-Point@iaea.org.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. The IAEA may also use the contact details of Applicants to inform them of the IAEA's scientific and technical publications, or the latest employment opportunities and current open vacancies at the IAEA. These secondary purposes are consistent with the IAEA's mandate. Further information can be found in the [Data Processing Notice](#) concerning the IAEA InTouch+ platform.

Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made, together with the submission of the application, by **21 July 2025**.

Visas

Participants who require a visa to enter Austria should submit the necessary application to the nearest diplomatic or consular representative of Austria at least four weeks before they travel to Austria. Since Austria is a Schengen State, persons requiring a visa will have to apply for a Schengen visa. In States where Austria has no diplomatic mission, visas can be obtained from the consular authority of a Schengen Partner State representing Austria in the country in question.

Additional Information

Six or more months after completion of training events, participants will be required to complete a short survey on the use of acquired knowledge and skills or a change in attitudes. This will assist the Division of Nuclear Security in understanding the impact of its work and will guide future assistance.

The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the **International Training Course on the Development of Detection and Response Equipment Life Cycle Management Programmes** (hereinafter referred to as "event") to be held at the Nuclear Security Training and Demonstration Centre (NSTDC) in Seibersdorf, Austria, from **15 to 19 September 2025**.

The purpose of the event is to train participants on the application of a sustainable and systematic approach to the technical support and equipment life cycle management for detection equipment of nuclear and other radioactive material out of regulatory control, as key element of a State's nuclear security regime.

The attached Information Sheet provides further details of the event.

The event will be held in English.

Member States are invited to designate one or more participants for this event. Member States are strongly encouraged to identify women participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event. The application for financial support should be made via the InTouch+ platform not later than **21 July 2025**, as indicated in the enclosed Information Sheet.

It should be noted that compensation is not payable by the IAEA for any damage to or loss of personal property. The IAEA also does not provide health insurance coverage for participants in IAEA events. Arrangements for private insurance coverage on an individual basis should therefore be made. The IAEA will, however, provide insurance coverage for accidents and illnesses that clearly result from any work performed for the IAEA.

Designations should be submitted to the IAEA via the InTouch+ platform (<https://intouchplus.iaea.org>) through the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) not later than **21 July 2025**, as indicated in the enclosed Information Sheet.

The Scientific Secretary of the event will liaise with the participants directly concerning further arrangements, including travel details, as appropriate, once the official designations have been received.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.
